## INFORMATION FOR OUR CUSTOMERS

Williamsburg is situated eight miles from Northampton on the Berkshire Trail, Route 9. Our town is composed of two villages, the first one is Haydenville. Drive on to the next village, Williamsburg. Turn right off Route 9, across the cement bridge, turn immediately left and proceed to the top of Village Hill. There is a sign in Williamsburg for your help in finding us.

We try to furnish only healthy, vigorous plants correctly named to the best of our knowledge. We cannot assume responsibility for damage to plants in transit, or for customers' subsequent failure with plants due to weather, adverse soil conditions or improper handling. We gladly rectify mistakes for which we are responsible, if errors are reported within 10 days of receipt of plants.

We do a strictly retail cash business, and bills are due when presented.

If you wish your order sent, we ship by parcel post, special handling. We do not pay postage, and there is a small charge for packing.

## To our Friends:

As the new owners of this well-known Nursery, we feel a deep sense of obligation to carry on the traditions established over the past twenty-eight years.

We hope to welcome many old customers this spring and summer, and make many new friends. It has been a joy for many of us to visit Village Hill in the spring to enjoy the wild flowers, flowering bulbs, the flowering crabs, azaleas and over 100 varieties of lilacs.

In addition to an attractive herb garden, there are many herbs of culinary, fragrance, medicinal and historical interest; also, an acre or more of perennials for borders, rock gardens, walls and ground covers. These number many hundreds and space does not permit their being included in this catalog. Upon request we will be glad to send you a mimeographed copy of the perennials.

The zonal pelargoniums have been reduced to a few choice varieties and a list of these will be sent on request. There are also some beautiful ivy geraniums, including the new double white and apricot. We have acquired the finest collection of dwarf and miniature geraniums and are sure you will be delighted with them.

We welcome horticultural groups, and would appreciate knowing in advance the date of your visit.

Richard and Edith Williams

# HERB LIST

Heights given are ultimate sizes. Plants sent out are not usually mature specimens. We can often furnish a variety of sizes at proportional prices. Prices are subject to change without notice.

Heights and hardiness will vary somewhat in different regions and soils, and are given here for conditions in western Massachusetts.

Rain on your Herbs and Flowers that truly serve,  
And let your weeds lack dew and duly sterve.

—Old Song
